

Quiet Commissions System

Build recurring income quietly
in the background

Because your bills are recurring,
your income should be too

The Quiet Commissions System

A guide for the 90% who want to
earn online without the noise.

The Financial Mismatch

The Problem:
Recurring Bills
(10-15 per month)

Rent/Mortgage

Groceries

Electricity & Internet

Phone Bill

Insurance

Subscriptions &
Childcare

The Gap:
Recurring Income

0

Bills are recurring. Income is not. This is why people constantly feel squeezed.

The “Loud” Trap

The Advice:
Post constantly.
Dance on TikTok.
Hype products.
Recruit friends.

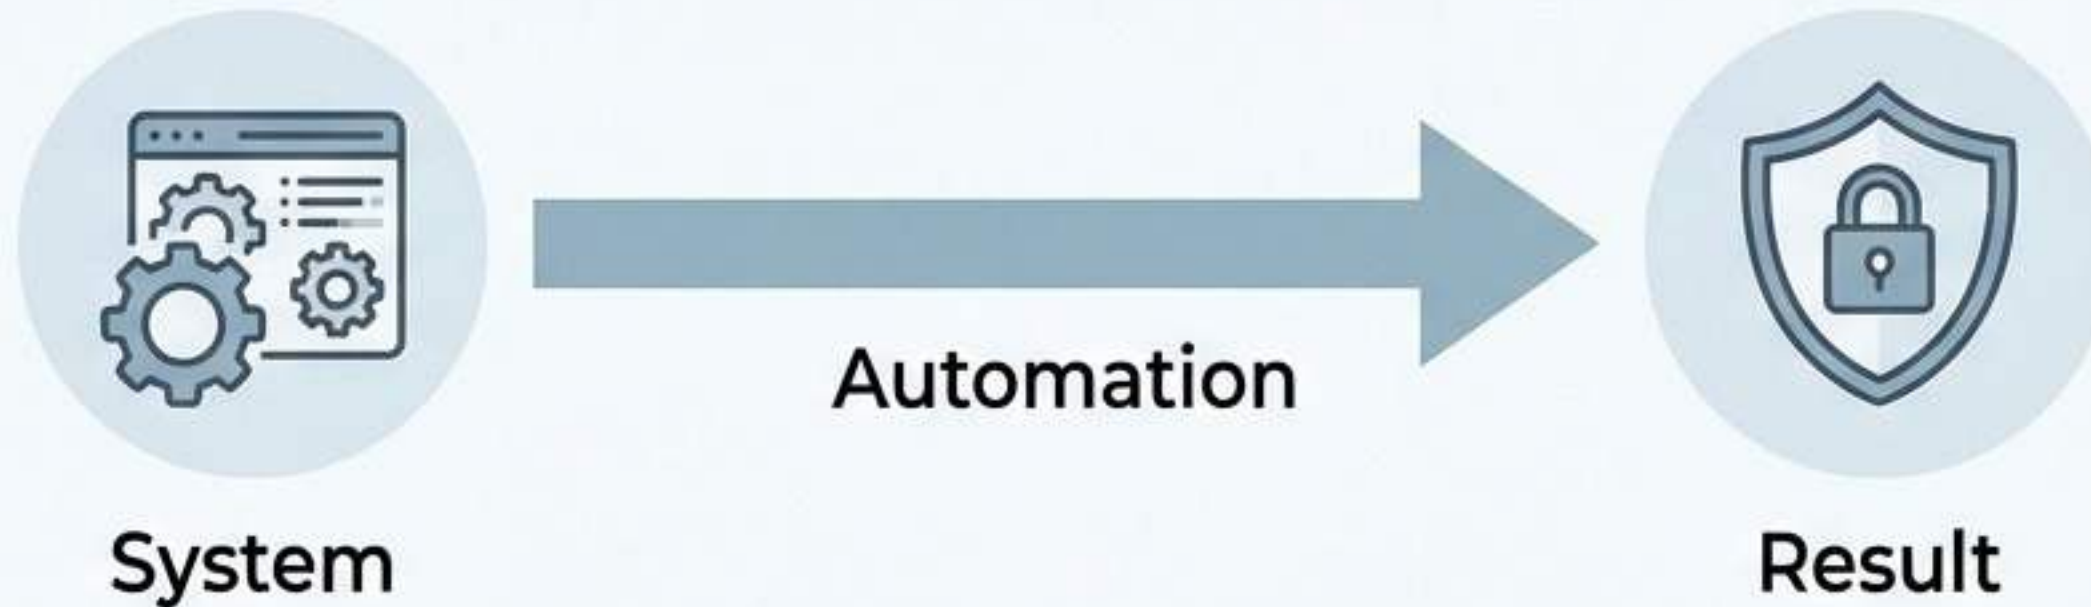

The Quiet Reality

The Pivot:
Systems over personality.
Logic over hype.
Privacy over fame.

Quiet commissions exist for the 90% who don't want to be a character.

The Quiet Alternative

What It Is

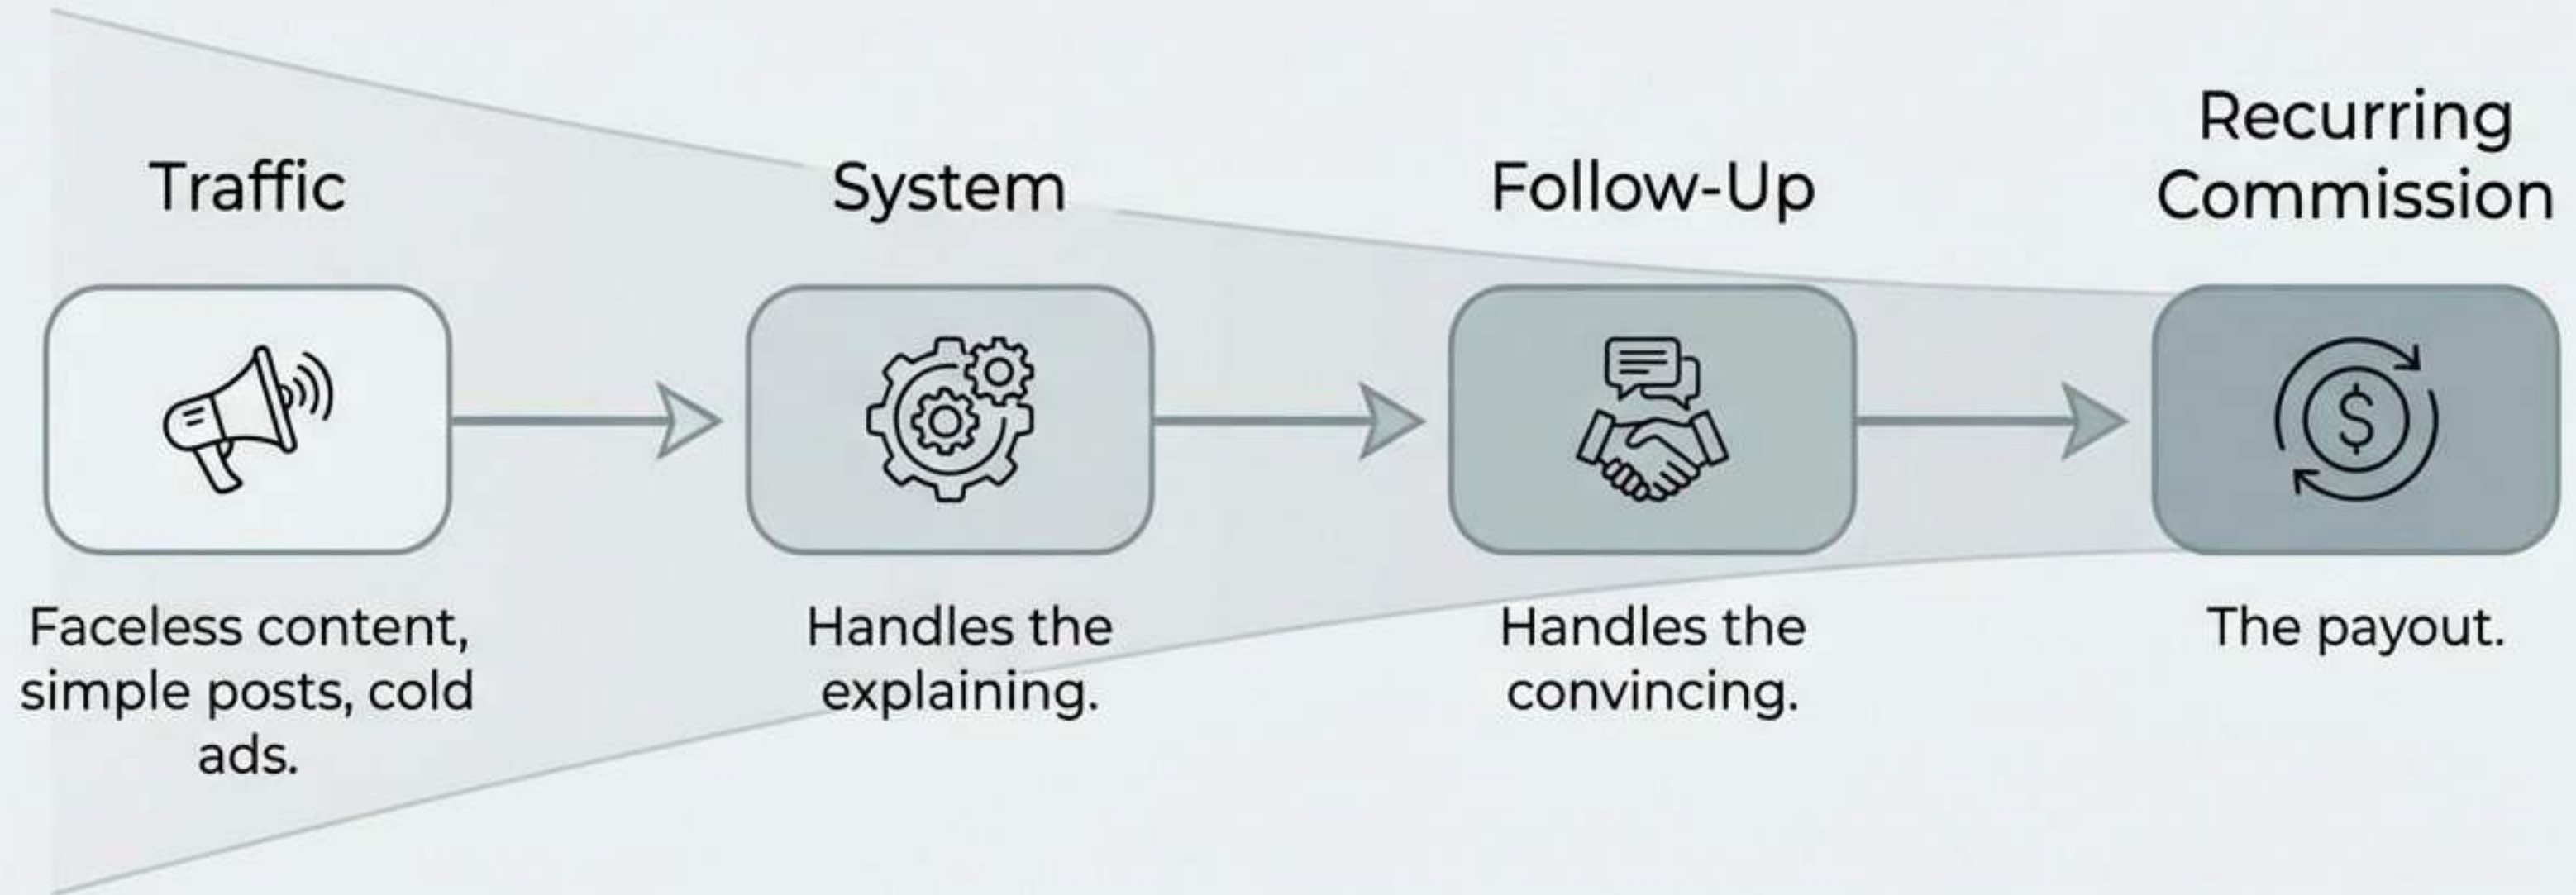

- ✓ Earned through systems
- ✓ Relies on follow-up
- ✓ Recurring products

What It Removes

- ✗ Convincing people in real-time
- ✗ Being persuasive on camera
- ✗ Recruiting friends or family
- ✗ Becoming a "guru"

Quiet commissions allow normal people to earn quietly and privately.

The Mechanism

The "loud" part disappears. Income is earned in the follow-up, not in the spotlight.

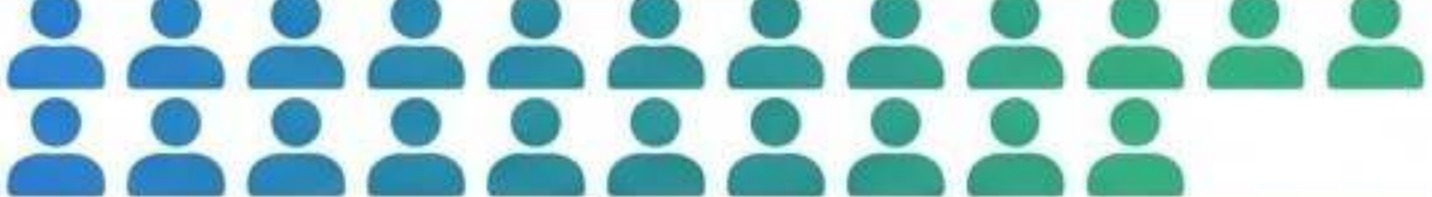

The First Goal is “Breathing Room”

“Supplemental income doesn’t replace your job — it gives you options.”

The “Happy Customer” Math

Goal: \$128 per Month per Customer

Monthly Expense	Customers Needed
Streaming Services (\$60)	1 Customer 
Utility Bills (\$590)	5 Customers 
Car Payment (\$748)	6 Customers 
Groceries (\$1,080)	9 Customers 
Mortgage (\$2,200)	18 Customers 

You don't need 1,000 people.
You need a small number of happy, recurring customers.

The background of the slide features a blurred, out-of-focus image of a large crowd of people. The silhouettes are dark against a lighter, hazy background, creating a sense of a large gathering or a busy public space. The focus is on the text overlay in the center.

The Reality of Income Distribution

Network Marketing Reality: ~90% earn under \$5k/year. Only top 1% earn a full-time living.

Affiliate Marketing Reality: 60-70% earn under \$10k/year.

The Insight: Most people assume the top earners are talented. The data shows they are simply doing something different.

The “Above Average” Secret

The top 5-10% are not elite.
They are simply above average.

T-Chart

Average	Above Average
• Relies on luck • Quits when boring • Wants to be famous	• Relies on systems • Consistent execution • Focuses on skills • Learns to follow up

Above average is learnable.

The Requirement: A Recurring Vehicle

Hard work is useless if the vehicle is broken.

The Criteria for Quiet Commissions

- ✓ Recurring Commissions (Must pay monthly)
- ✓ Digital Delivery (No shipping or inventory)
- ✓ Low Friction & High Retention
- ✓ Automated Systems

Most side hustles fail because they are linear: You stop working, the money stops. Quiet commissions must be recurring.
